Survive

Up, up and away!

Key Questions:

What is the name of our planet?

Who or what lives here and what happens on our planet?

What does it take to build your very own planet?

What would it need to support life?

How should you take care of it?

Key focus, vocabulary and ideas:

planet, Earth, environment, habitat, survival, seasons, astronaut, United Kingdom

Geography

We will identify seasonal and daily weather patterns in the United Kingdom and the location of hot and cold areas of the world in relation to the Equator and the North and South Poles.

We will explore both physical and human features on planet Earth.

Science

We will explore changes across the four seasons and how day length varies.

We will learn about the planets, their names, sizes, shapes and colours and how they orbit the sun.
